

## SPECTATOR INFORMATION

No motorcycles, ATV/UTV, or bicycles will be allowed in the park to use as transportation to get to the sections. **No Exceptions.** Transportation to the sections will be provided by Central Arizona Trials.

All pets must be on a leash and under the owner's control at all times. **No Exceptions.** Do not assume that someone else's pet is friendly. Remind your children that pets bite and the noise, excitement, heat and the number of spectators can overwhelm even the best-behaved pets. **Also, please pick-up after your pet.**

No fireworks and No firearms. **No Exceptions.**

**All Fire Restrictions and Rules that the Mohave County Park has in place will be enforced. No Exceptions**

You will receive a wristband at the entrance of the event. Your wristband tells us you have completed the process to enter the main event area. Please have your wristband (on your wrist!) visible at all times or we will stop you and take you back to the entrance.

The path for spectators will be well marked for ease of direction to all the sections. Please stay on these paths for your safety. At each section there will be ribbon marking the section. It is imperative that these ribbons are not compromised. Please stay out of the ribboned sections! Stand back for your safety.

Photography and video for personal enjoyment (non-commercial use) is welcomed. Sport 7 and the FIM have control of all video and photography that is published.

Please respect the beauty of the Mohave County Park – Hualapai Mtn Park, and place trash and recyclables in the appropriate bins that are available throughout the park. To help prevent forest fires the park is non-smoking. **No Exceptions.**

This exciting event is family-friendly and we want everyone to enjoy the weekend in the cool pines of the Hualapai Mountain Park, Kingman, Arizona.

Sincerely,

**The Central Arizona Trials Club and all the other Trial Clubs across the USA helping to make this a memorable moment for all.**
